150,000 MOTORISTS ENROLL IN 'SHARE-THE-ROAD' CLUB

With 150,000 Western motorists enlisted in the new Share-The-Road Club in the first week, traffic authorities are enthusiastic over the tremendous response to this Shell's Share-The-Road movement is indicative of the motorist's desire to co-operate in eliminating driving discourtesies," Dr. McClintock said. MORE THAN 150,000 WESTERN MOTORISTS JOINED THE NEW SHARE-THE-ROAD CLUB IN THE FIRST WEEK. THE OBJECT OF THE CLUB IS TO PROMOTE COMMON-SENSE DRIVING AND GET RID OF 'SCREWDRIVERS' WHO VIOLATE TRAFFIC RULES, INCREASE CONGESTION AND CAUSE ACCIDENTS. TRAFFIC AUTHORITIES APPROVE THIS CRUSADE

crusade for common sense driving. They hailed the result as evidence that the great majority of motorists want to obey traffic rules and drive courteously, as contrasted with the "screwdrivers" who disobey regulations, cause congestion and create opportunities for accidents.

Dr. Miller McClintock, the nation's No. 1 traffic expert, vice president of the National Safety Council, declared the crusade should have an immediate effect on traffic conditions.

"This splendid beginning to mediate effect in improving traffic conditions. Proportionate improvement in congestion and accident prevention will result as additional thousands enlist in this commendable crusade.

"The Share-The-Road Club was introduced to the public exclusively through newspaper advertising, including space in this paper. The remarkable results obtained are considered a tribute to advertising in the daily press."

Metal emblems of the Share-The-Road Club, carrying signal flags embossed in color which mean in the maritime code, "Am giving way," are appearing above the license plates of many local residents. Plenty of emblems are available at local Shell Dealers' Service Stations, according to the Shell local manager, A. R. Boyer.

Rum Sale Charges Are Considered Here

Charges that Richard Anglasay, Brisbane, and Mrs. T. Chiesa, Daly City, sold liquor to minors were aired at a State Board of Equalization hearing in Redwood City Saturday.

Examiner E. A. MacDonald took both cases under advisement and said he would forward his findings to the board. Evidence against Anglasay was presented by Dep. Dist. Atty. Louis B. Dematteis. It was the same on which Anglasay pleaded guilty in the superior court Feb. 21 and paid a fine of $50.

James Scott, whose application for a Redwood City liquor license brought protests from the city council, failed to appear. The failure will constitute a waiver of the application unless Scott explains his failure to appear, MacDonald said.

Grasshoppers cause the greatest loss of young trees planted in the shelter belt program of the prairie states, but other natural enemies such as rabbits and mice also do serious damage.

New Departments For Local Market

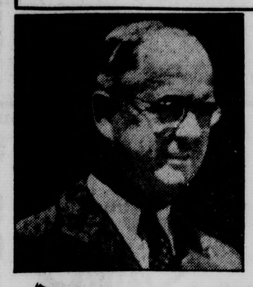
Scheduled to open for business this morning is the new grocery and delicatessen department of the Popular Market, being installed at a cost of $6600 by Louis Fanos, former proprietor of the California Market fruit department and for the past two months owner of the fruit and vegetable department in the Popular Market.

Fanos, who has been in business in Redwood City for the past seven years, invites all his friends to visit the small but compact, complete and up-to-date department, which will sell only nationally advertised brands of food products. The grocery and delicatessen addition will be managed by Bob Davis, who has been in the food store business in Redwood City for three years.

A feature of the new store will be its free telephone delivery service, with four deliveries daily, Fanos said. Telephone numbers of the store are 1014 and 1015. The vegetable and butcher departments will continue, Fanos pointed out.

The search for oil is carried on with modern methods through the use of an earthquake echo camera (geophysical recording oscilloscope) which records sound vibrations from an underground explosion.

Former Stagecoach Operator Compares Travel



W. E. Travis (inset), Pacific Greyhound president, once operated horse-drawn stages in the West. He compares present-day Greyhound service, its very low fares, luxurious Super-Coaches and many schedules every day, with the 50c-a-mile fare and twice-weekly schedules in the old days.

Commenting on the new low Greyhound bus fares, which go into effect Apr. 1st, W. E. Travis, president of Pacific Greyhound Bus Lines, said he cannot help comparing present-day Greyhound service with the stage coach service he operated in several western states around the turn of the century.

"We gave 'em a hard, rough and costly ride in our horse-drawn, stages," said Mr. Travis. "Passengers had little or no protection from the weather, and a twice-weekly schedule was considered excellent service."

"Today the new Greyhound fares are the lowest in history, and transportation is provided in the most modern of buses—the Greyhound Super Coach. Futhermore, today, instead of leaving only once or twice a week, the frequency of service is unequaled as Greyhound furnishes more service to more places than any other transportation system."

Pygmalion Is Not An Animal Picture

When "The Admirable Crichton" was released some years ago those who read as they run were astounded that it was not a nautical picture. Taking no chances, M-G-M now announces that "Pygmalion," feature attraction at the Fox Sequoia Theater on Sunday, Monday, and Tuesday, is not an animal picture. It has nothing to do with pigs or pigmies, and the only lion to be seen in it is Leo himself, who appears for only his usual brief bow.

"Pygmalion" is the name of Bernard Shaw's first successful play and it has been made into his first authorized motion picture by Gabriel Pascal. Pygmalion was a mythological character who dabbled in sculpture. He made a statue of his ideal woman, Galatea. It was so beautiful that he prayed the gods to give it life. His wish was granted. Leslie Howard and Wendy Hiller play the leading roles in Shaw's modern version of this theme.

Fred MacMurray and Madeleine Carroll are also on this program in "Cafe Society," a fast moving film of New York and San Francisco night life, and guaranteed to make this week-end bill one of the most exciting and entertaining shows in many months.

NOTICE OF SALE OF REAL PROPERTY.
No. 8317—Dept. No. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of MARY FRANCES WEBB, also known as MARY F. WEBB, Deceased.

NOTICE IS HEREBY GIVEN that in accordance with law, the undersigned executors of the last will and testament of Mary Frances Webb, alias, deceased, will on or after the 18th day of April, 1939, offer for sale and sell at private sale, as a whole or in subdivisions, as said executors shall judge most beneficial to the estate of said deceased, to the highest and best bidder or bidders for cash in lawful money of the United States, and subject to confirmation by said Superior Court, all of the right, title, interest and estate which said Mary Frances Webb, alias, deceased, owned or had acquired during her lifetime, and all of the right, title, interest and estate that the estate of said deceased has by operation of law or otherwise acquired, other than or in addition to that of said deceased at the time of her death, of, in and to all of the following described real property situate, lying and being in the County of San Mateo, State of California, and described as follows, to-wit:

Lot numbered twenty-five (25) and a portion of Lot numbered twenty-two (22) as shown on that certain map entitled "Baldwin & Howell's Re-Subdivision of Lots 167 and 168 Subdivision No. 2 and Lots 86 to 92 inclusive Subdivision No. 1 of San Mateo Park, San Mateo County, California," filed in the office of the county recorder of San Mateo County October 16, 1905, in Book "E" of Original Maps at page 23 and copied into Book 3 of Maps at page 78, described viz:

BEGINNING at a point on the northwesterly line of Warren Road at the intersection of said line with the line dividing said Lot 25 from a certain alley adjoining said lot; running thence southwesterly along Warren Road 50 feet; thence northwesterly 122 feet, more or less, to a point on the rear line of Lots 22 and 25, distant thereon 48 feet 1 inch southwesterly from the most northerly corner of said Lot 25; thence northeasterly along said rear line 48 feet 1 inch to said last named corner; thence southeasterly along said line dividing said Lot 25 and said alley 115 feet 10 inches to the point of beginning.

MANNER, TERMS AND CONDITIONS OF SALE

Bids or offers will be received for said real property as a whole or for any subdivision thereof, each bid or offer therefor to particularly describe the subdivision or portion bid for; bids or offers may be made at any time after the first publication of this notice and before the making of the sale; all bids and offers must be in writing and may be delivered to the executors or left for them at the law offices of Messrs. Ross & Ross, First National Bank Building, Redwood City, California, or may be filed in the office of the clerk of the Superior Court of the State of California, in and for the County of San Mateo, at Redwood City, California. The right is reserved to reject the whole or any part of any bid and to accept it as to any part or subdivision bid for. Sales will be made for cash in lawful money of the United States, ten per cent (10%) of the amount of any bid to be paid to the executors on notice of acceptance of bid, and the balance of said sum to be paid to them upon the confirmation of sale by said Superior Court, and delivery or tender of deed; the instrument of purchase to be at the expense of the purchaser.

Queen Elizabeth's government at one time maintained 53 spies in Europe.

In colonial days, sturgeon were abundant in most of the rivers of the Atlantic Coast. William Penn often commented on the incredible numbers of these giant fish which ascended the Delaware each Spring. Now these fish are rare because of overfishing.

SISTER OF ENGLISH LORD ACCUSED OF SPEEDING—BUT BAIL IS WAIVED

tails—age 20, weight 124 pounds, eyes grey, hair blonde—but was not impressed. It was just another out-of-state license, and chances are the defendant would never show up for the trial he reasoned.

So he herded the aristocratic party of six back to Redwood City, and telephoned Judge Edward I. McAuliffe to set bail. It was the judge who prevented complications, for had he set bail, Miss Pearson would have been booked at the county jail—along with all those lodgers!

The judge ruled no bail would be required. The defendant was ordered to appear for trial Friday, and she seemed to enjoy the whole thing, the officer said.

Diplomatic circles shuddered today at what might have been—not at Munich, but at Redwood City—when State Highway Patrolman Neil Porter tagged the Hon. Helena Daphne Pearson for speeding 75 miles an hour on Bayshore Hwy. between Friendly Acres and East Palo Alto.

Miss Pearson was driving a Packard registered to her brother, Lord John Cowdray of Midhurst, England, who is in San Francisco for the English-American polo matches. She exhibited her English driver's license and, for the information required by Officer Porter, gave her weight in English stones.

Burns Prove Fatal To Paralyzed Man

SAN MATEO, Mar. 27 — Burns suffered Saturday when his bed caught fire proved fatal yesterday to George E. Moore, 65-year-old paralyzed Spanish War veteran.

Mr. Moore died at Mills Memorial Hospital of face, back, arms and body burns. He was conscious almost to the end, despite the great pain.

Funeral services will be held at the Frank C. Wyckoff Mortuary in Burlingame at 1:30 p.m. tomorrow.

Boy, 11, Saves Home By Calling Firemen

BELMONT, Mar. 27 — Eleven-year-old George McPherson Jr., alone at his parents' home on Hillman Ave., Belmont, last night, summoned the fire department at 7:25 p.m. to extinguish as mall blaze in the front room. Fire Chief F. A. Johnson said the damage would not exceed $5, the fire being limited to some curtains. Origin of the blaze was a mystery.

The Forest Service Radio Laboratory at Portland, Ore., has developed a bell-ringing radio through which calls may be made somewhat in the same manner as by telephone.

Couple Are Sought For Passing Checks

Police didn't try to pronounce a lengthy Russian name today as they warned merchants to be on the lookout for a couple who have been suspected of passing bad checks.

Redwood City police said that a man listed as "Alavander Prokel Brokos Arloss Cuday Gustva Von Liebreck" was suspected, with a woman, listed as "Alice Webb," attempting to cash $50 and $60 checks.

The Russian is described as about 38, 5 feet 10 inches tall, weighing about 175 pounds with broad shoulders, well dressed and "definitely Russian-appearing."

Miss Webb, driving a car with a Nevada license, was described as "mannish looking," 28 years old, 5 feet 3 inches tall, weighing about 100 pounds.

Scout Rally Slated Friday

Big events are in store for Boy Scouts this weekend.

This evening, scouts from all southern division troops will meet at McKinley School in Redwood City for a rally and court of honor. The county scout band, directed by E. O. Brose, will play. Camping and handicraft demonstrations will be given. Recognition of advancement work completed during the past two months will be received by scout unit members from Redwood City, Menlo Park, Atherton, Woodside and San Carlos.

Saturday marks the opening of the camping season for scouts. Weather permitting, several troops will head for the hills for test passing or overnight hikes.

'Skinless Weinie' Term Is Explained

Many women are still asking how a Miller Wienie can come to them skinless. What keeps the meat from falling apart while cooking, they ask.

Well, here is how it's done.

Every Miller Wienie is cooked in a special patented Visking casing which keeps all the goodness and flavor in. Then just before they are packed for delivery to your dealer the casings are removed. That's the secret. So you get these grand Miller Wienies full flavored and tender without the skin that you have never liked.

These same casings are used by Miller's to identify their meat loaves and other sausage varieties.

Cider Explodes, Damages Garage

SAN CARLOS, Mar. 28—A San Carlos housewife and her year-old baby girl escaped possible death or serious injury Sunday by only a few moments when a freak explosion wrecked the interior of their garage.

Mrs. Alma Railey was washing clothes in the garage and her daughter was playing on the floor just a few minutes before the blast. They were not in the building when the explosion occurred.

According to Al Railey, a pressman, and owner of the garage, a half-filled, tightly-closed jug of apple cider had blown up. The force was so great that windows in the garage were broken, canned goods on the shelves were scattered around the room and badly battered, and bits of glass from the broken jug were driven deep into the walls of the garage.

The Rev. J. W. E. Airey, chaplain of the National Frontiersmen's Association, has a necklace made of human finger bones from the collection of Major Gordon W Lillie, famed as Pawnee Bill.

Steffens Leads Demonstration

Charges of carrying anti-Fascist banners without a permit faced 10 former Spanish war soldiers in San Francisco today following a demonstration in front of the German consulate of Capt. Fritz Wiedemann, Hillsborough resident, and before the Italian consulate.

Spokesman for the group was Robert W. Steffens, former Redwood City clothing merchant who recently returned from Spain after fighting 16 months with the Loyalists.

Those arrested were David Thompson, 30, nephew of Author Kathleen Norris; Jess Reed, 24; Ben Brown, 29; Allen Yates, 37; Eugene Williams, 26; Joseph Steckel, 30; Norman Gardner, 37; Alfred Zimmerman, 32; Joseph Bates, 24; Sten Dahlborg, 37.

Two others, Joseph Holt, 23, and Ben Dubres, 26, were charged with disturbing the peace. All live in San Francisco.

Steffens explained that the picket line was established to protest "the many phases of Nazi aggression."

He protested the Czecho-Slovak assimilation, "Nazi espionage and attempts to overthrow the American government, slurs on President Roosevelt in the Nazi press, and German aid to Franco."

Captain Weidemann, who broke unofficial precedent by receiving a delegation from the hundred war veterans of the Abraham Lincoln Brigade and sympathizers who were in the group, said he would notify his ambassador in Washington of the protest.

When the picket delegation called late in the afternoon at the Italian consulate, members were informed there was no one available to hear them.

Friendly Acres Girl Is Victim Of Auto Crash

San Francisco Boy, 16, Dies in Coastside Collision

Automobile accidents claimed the lives of two young school students in San Mateo County Sunday.

At 8 p.m., two automobiles collided head-on at Belmont. Seventeen-year-old Eleanor Dyer, who was returning to her Friendly Acres home after visiting her mother at a San Mateo Hospital, was thrown from the rumble seat of a machine and killed. Eight other persons were injured in the sanguinary accident.

Twelve hours earlier, Felice Ferrando, San Francisco, was thrown to the pavement in a head-on collision near Half Moon Bay and killed instantly.

If you want to keep it a secret, don't put it in the Want Ads.

7-YEAR HISTORY OF COUNTY'S CHARTER COVERED IN VOLUME

Only such study ever compiled, a "History of San Mateo County Government" covering the period from the inception of the charter in 1932 until the appointment of County Manager Frederick Peterson's charter study committee in February has just been published by Robert C. Houston, now of Los Angeles. Copies of the study, published in mimeographed form but bound, were being distributed to subscribers today. A few more are available.

Houston, who recently contributed an article to the National Municipal Review which drew the fire of Manager Peterson because it concluded that the county now had no manager plan, in his book has traced the forces which brought about the charter; has described in detail its turbulent history; his included charts and tables showing the government setup, results of elections, personnel of county departments, and other factual data.

Especially timely now because of reported movements to alter the charter, the study also is up-to-date since it includes events of February of this year. Besides the 7-year charter history, Houston has included a day-to-day chronology of events from May 3, 1932, when 15 freeholders were elected to draft a charter, to Feb. 7, 1939, when Dr. A. E. O'Neill was appointed to the county board of health and welfare.

Originally prepared as a thesis for an advanced degree at Stanford University, the study was continued to date and published at the request of about 50 Peninsulans who subscribed for it upon solicitation. Houston, holder of a master of arts degree, has been employed in the Department of Budget Research, County of Los Angeles, but on Apr. 3 will take over a position in the Southwest Federal Training Program in the Division of Indian Affairs of the U. S. Department of the Interior.

In his analysis of the charter's effectiveness, based on his year's study, Author Houston concluded for his thesis last Fall that "the stage is set for another era of chaos," and in a new conclusion in the published book remarks that "the manager plan, which proved itself for one short year (during administration of E. A. Rolison as county executive), is now missing from the San Mateo scene."

"The elective county executive," Houston declares, "constitutes a second policy determining agency in the government, and as such serves to deter, rather than foster, the co-ordinated action of the administrative machine.

"The strong manager philosophy proceeds from the premise that policy should be determined by one, the legislative, branch of government. It holds further that a strong executive, appointed by and working in harmony with the legislative branch, should execute that policy. The facts lead one to the inexorable conclusion that the manager plan . . . is now missing from the San Mateo County scene."

Price of the study is $5. It can be obtained for a short time by writing to Houston at P. O. Box 631, Redwood City, or inquiring at this newspaper office.

Fingerprint Value Demonstrated Again

A new example of how fingerprint identification caused an unknown victim of last year's Los Angeles floods to be identified and properly buried instead of being interred in a grave in potter's field has just been disclosed to William P. Hogan of the Eagles' fingerprinting committee, which is aiding the civilian committee seeking to have Redwood City residents place their prints on file.

It was on Mar. 12, 1938, that the fingerprint card of an unknown man was received by the identification division in Washington from the Los Angeles Sheriff's office. A check showed that this "Flood Victim No. 1" was a man named Hope Worthey.

"Fingerprint identification served in this instance to identify the victim of a major disaster who otherwise, in all probability, would have been classified as an unknown deceased and committed to a grave in potters' field," Hogan declared.

Redwood City residents may have their prints taken, for listing in the civilian file at Washington, by calling at the local police department on Jefferson Ave. near Broadway.

No Candidates File For M. P. Election

MENLO PARK, Mar. 28—A wide open contest for fire commissioner of the Menlo Park Fire District was seen today after it was learned that no candidate has filed officially to succeed J. B. Howell, on the three-man board of fire commissioners at the election next Monday.

Miss Meta E. Kugeler, secretary of the board, said that the last day for filing petitions of candidacy was Mar. 14 and at this time no candidates had appeared.

This means there will be no names on the ballot April 3 and that a write-in vote will determine the new commissioner, who will serve a three-year term.

Previously, two names had been mentioned as candidates for the post vacated by Mr. Howell. One was John H. White, Menlo Park building contractor. However, he failed to file his petition of candidacy. The other is E. H. McNear of Atherton, who intended to file as a candidate but apparently handed in his papers after the expiration of the filing period.

MENLO PARK NEWS NOTES

CELEBRATION SUCCESS

Menlo Park, Mar. 31—Founders' Week has passed but memories of the celebration will linger on and in years to come will be spoken of as the one big event of 1939 for the community. The affair was a success in every particular, speaking well for the committees having it in charge. The banquet given in honor of the old pioneers on Monday evening brought together many old friends who had not met in years. The oldest "native son" present was Lucas Greer, who as a boy trod the mission trails of the Peninsula with his mother, who married Capt. John Greer at the Santa Clara Mission.

Fire Chief Mike Hara was in charge of the program. Father McKeon's address on pioneer days was well applauded as was the speech of Reverend Clark on the history of the Presbyterian Church. Others on the program were Isabelle Lindquist, Joe Sullivan and "Larry" Johnson. The festivities closed with the big parade on Saturday and ball in the evening. The parade was witnessed by over 2000 people.

It was indeed a pageant of the past for old rigs used 50 years ago were in line and colorful floats depicting Menlo Park's past were displayed. The ball in the evening was a grand finale, more than 300 couples attending. The peace and quiet of the city were kept well in hand by "Sheriff" Morey and "Judge" Hornbuckle.

Now that Founders' Day has passed into history, the citizens are arranging for a Menlo Park Day at the Golden Gate Exposition. Many favor the same day in the last part of June.

Mrs. Hammond, mother of Father R. Hammond, teacher of Homiletics at St. Patrick's Seminary, passed away after a brief illness at her home in East Palo Alto last Saturday. In her declining years she moved from Oakland to be near her son. Shortly after his ordination at the seminary, Father Hammond was appointed assistant pastor here for some time. Ht is an eloquent preacher.

Now that the Lenten season is nearing a close and Easter is at hand, two wedding announcements may be looked for. Three of the parties involved are residents of Menlo Park.

This is the first time in the memory of the old timers that there has been no water in the San Francisquito Creek at this season and the chances for a flood are negligible. Many times the stream has overflowed its banks, but that was many years ago before the water was impounded by Stanford University at the headwater.

The picnic season will begin for the Kuck gardens the last Sunday in April. Every Sunday has been taken until Oct. 1 by various organizations in San Francisco. The grounds are being put in fine condition for the large crowds that will be here during the Summer.

Numerous flocks of wild pigeons may be seen almost every day flying over the Flood, Donohoe, O'Kane and White estates where the birds rest and roost, free from the worries of the hunter who is prohibited by the federal and state laws from killing them. The birds as well as the wild ducks on the local marshes will soon depart for their Summer haunts in the north.

Isabelle Weeden Lindquist sang a group of soprano solos at the Moose Club Tuesday night.

Mrs. Peter Bush gave a dessert whist at her home on Berkeley Way. Proceeds were used for the building fund of the new St. Joseph's gymnasium.

Among the outstanding costumes worn during the celebration last week was the Spanish don costume worn by Harry Weeden. It belonged to the late George A. Batcheldor of Santa Barbara and Atherton and was loaned to Mr. Weeden by Mrs. DeLancy Lewis of Atherton, daughter of the late Mr. Batcheldor.

Mrs. William Moore expects to take some of the projects made by the pupils of Central School who are in her clay modeling class to the exposition on Treasure Island next week. Some of the work is remarkably good.

The many friends of Maj. Leon French are sorry to learn of his recent illness. Major and Mrs. French made their home on Santa Cruz Ave. for a number of years but are residing in San Mateo now.

100 Hear Hagerty On 'Catholic Action'

James L. Hagerty, professor of philosophy at St. Mary's College, was the principal speaker Sunday at the annual post-communion breakfast of San Mateo Council, Knights of Columbus, held at Benjamin Franklin Hotel following communion at St. Catherine's Church in Burlingame. More than 100 attended.

Professor Hagerty chose as his subject, "Catholic Action," explaining its meaning in reference to combating influences which tend to undermine religion. He was introduced by Wallace A. Grant.

Rev. Father Conleth Killian chaplain of the San Mateo Council, gave the address of welcome. Comm. C. A. Perry of San Mateo Post 82, American Legion, spoke on youth activities. Thomas F. Duffy of San Francisco and James Somerville of the local council, district deputies, invited members to attend the conferring of the first, second and third degrees on classes of the Knights in San Francisco next Sunday.

Jack Forsythe of San Mateo acted as chairman in the absence, due to illness, of Grand Knight Francis J. Walsh.

A white-footed mouse, new to science, has been discovered in Walker County, Tex., by Dr. Walter P. Taylor, of the Texas Co-operative Wildlife Research Unit.

Sir Thomas Lipton's cup challenger, Shamrock V, has been purchased by an English woman living in Italy, and will be converted into an auxiliary motor yacht.

Peter Toogood, 8, recently shot a 110-yard hole in one at Hobart, Australia.

DENTAL PLATE

MATERIAL . . . so like Nature's own gums your closest friend can't tell. Plate material developed by world-famous du Pont Laboratories NOW HERE! This beautiful, moist appearing du Pont material is odorless, tasteless . . . yet with all its daintiness it is made to stand the roughest use. The light weight of du Pont or "Realistic" plate material (usually less than 1 ounce) makes it possible for Dr. Campbell to fashion a plate which will fill out your cheeks, so desirable for a youthful appearance.

PLATE REPAIRS

There's no need of buying a new plate when your old plate can be made to fit right and look like new. Use DR. CAMPBELL'S dental laboratories for your next plate repair.

Dr. Campbell's FINEST Most Beautiful Dental Plates . . .
Made in Dr. Campbell's own laboratories. Each NATURAL shaded PORCELAIN tooth is set in the NATURAL gum-pink plate material as if it were growing there. They are so like one's own natural, healthy teeth and gums that your closest friend would never know the difference. These plates are thin, light weight (less than one ounce) and very dainty, yet they are made to stand the ROUGHEST USE.

When Children Fuss at Meal Time

There must be a reason. Poor appetite, fussing, fidgeting and crossness are unnatural to normal childhood. They may mean the presence of large round worms, and even the carefully safeguarded home may not be immune.

These unwelcome parasites infest and distress millions of children and many adults. The infection may be caught from flies, dogs, uncooked vegetables, fruit, contaminated water, dirt, etc.

Fortunately, large round worms can be expelled pleasantly. Just get Jayne's Vermifuge, the kind that doesn't require starving before or during treatment. It is mild and mint flavored. Does not upset digestion. Constipation may accompany large round worm infection and should be relieved with the aid of a suitable laxative such as Jayne's Laxative Pills. At all druggists. Dr. D. Jayne & Son, Inc., Philadelphia.

War Bureau Employes To Be Fingerprinted

WASHINGTON, Mar. 30 (AP) — Secretary Woodring has ordered fingerprinting of nearly 50,000 war department employes. In so doing he followed the example of President Roosevelt, who had the White House staff fingerprinted.
